

OUR VISION

We help car dealers automate
the vehicle transport process
through our digital platform.

THE INEFFICIENT NIGHTMARE OF SHIPPING VEHICLES

37K car dealers...

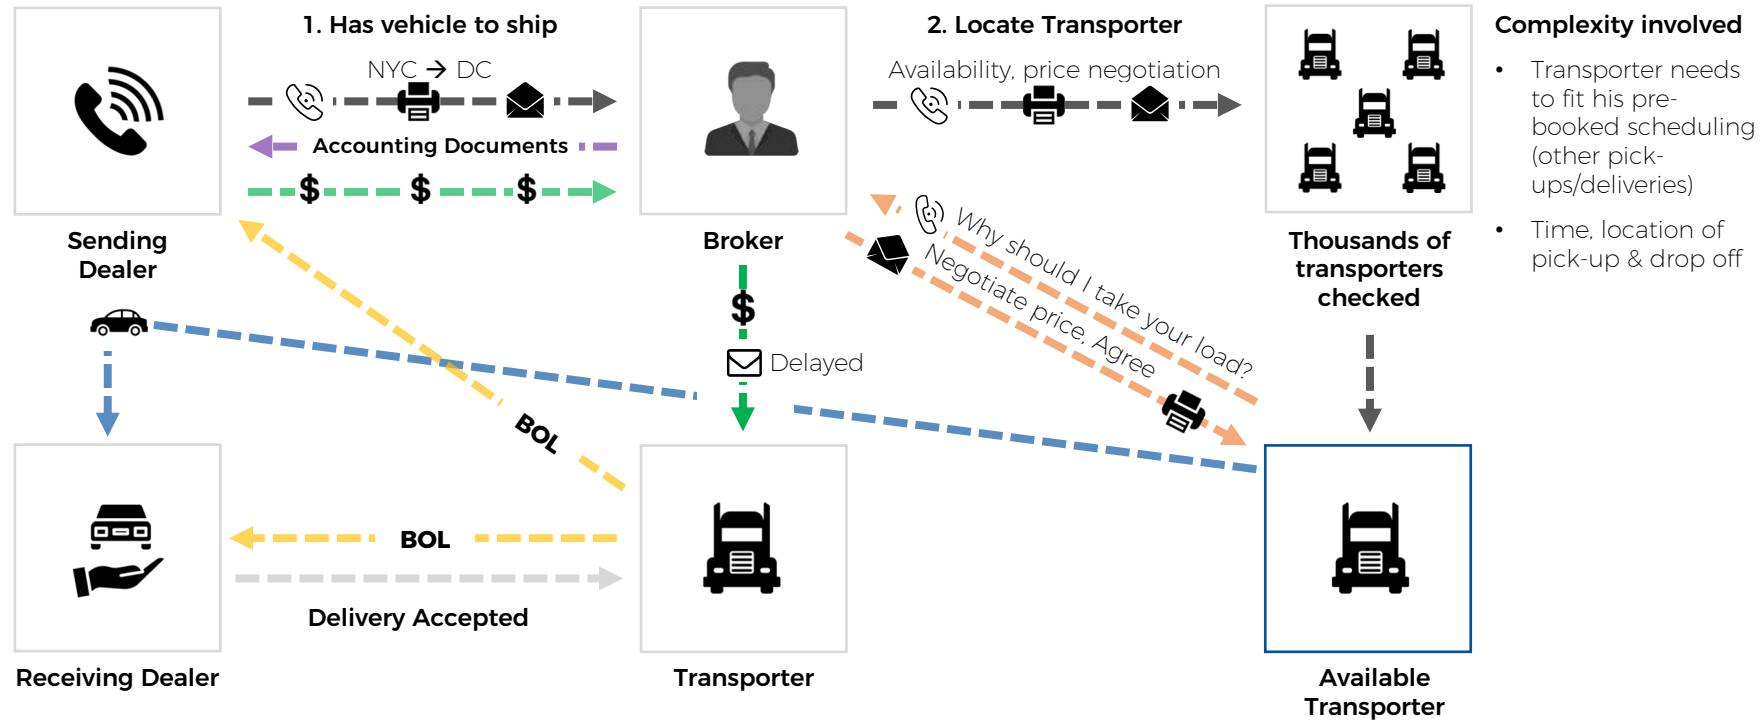

- Have manual communication & no tracking abilities
- Lack cost transparency
- Use manual billing & staff-intensive accounting procedures

A HEADACHE FOR TRANSPORTERS

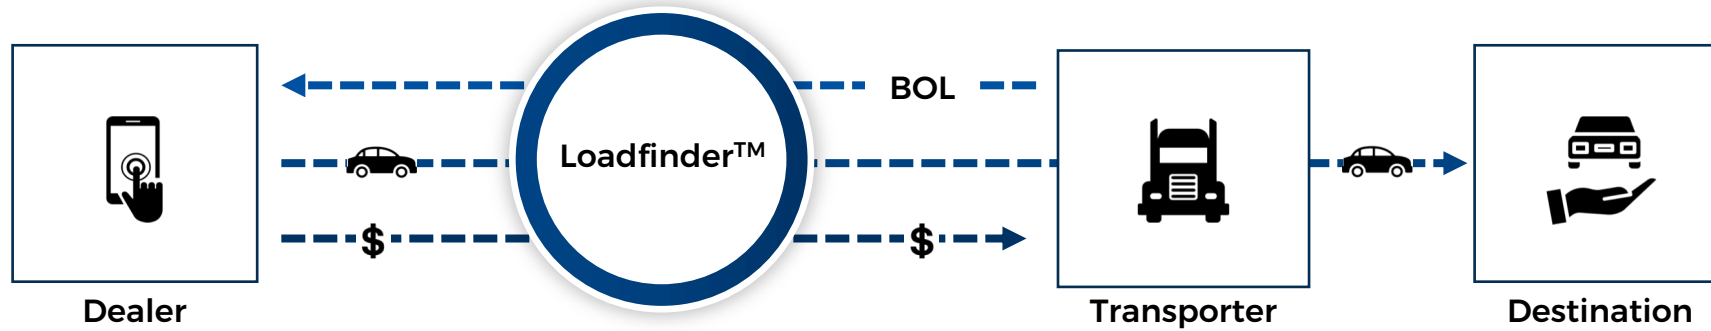

- Waste hours manually finding & accepting loads
- Lose money driving with unutilized space & deadheading
- Receive manual payment weeks or months after shipment is complete
- Lose significant income to brokers' fees

TEDIOUS MANUAL PROCESS

AUTOMATED VEHICLE TRANSPORT

Using Loadfinder™ Car Dealers Can...

- Efficiently ship vehicles with the click of a button
- Track loads through delivery
- Receive full transparency of cost & eliminate brokers' fees
- Seamlessly handle electronic payments and accounting

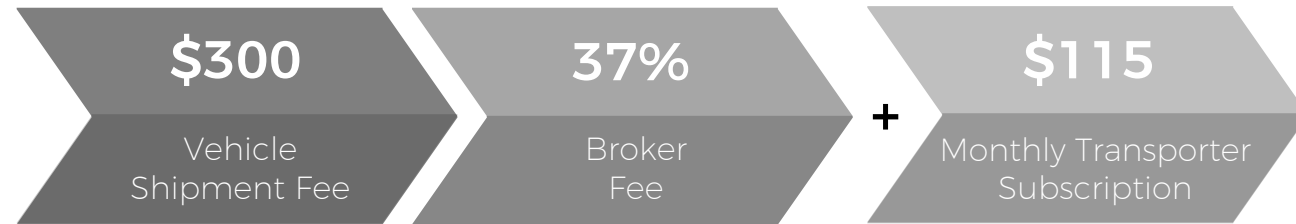

Transporters...

- Instantly find & accept loads with a tap of the app
- Are guaranteed electronic 2-day pay
- Increase income by utilizing space & eliminating deadheading
- Earn more income by eliminating brokers' fees
