### About Me:

Through my entrepreneurial journey, I have gained invaluable insight into the difficulties that come with scaling a business and recognize the hurdles that entrepreneurial leaders often encounter. I use this knowledge to provide my clients with a comprehensive strategy that enables them to grow their business while reducing their direct involvement in the day-to-day operations.

### Odyssey Advisors / Fractional Integrator

- Guided and facilitated the implementation of EOS® in over 15 businesses.
- Coached Integrators, contributing to the effective rollout of EOS throughout entire organizations.
- Led, managed, and held executive teams accountable for executing their rocks, metrics, roles, and responsibilities.
- Conducted and facilitated leadership team and department-level meetings on a weekly and quarterly basis.
- Managed the integration of a \$13M acquisition.
- Facilitated team health and communication sessions utilizing The Predictive Index, Kolbe, and DiSC.
- Diverse client portfolio spanning industries such as SaaS, engineering, real estate, mental health, health care, and law firms, with revenues ranging from pre-revenue to \$115M and teams of 4 to 500.

### Spark Solutions / Owner & Fractional Integrator

- Led the implementation and rollout of EOS® in multiple organizations.
- Facilitated all leadership team meetings, including weekly L10, Same Page with Visionary, quarterly & annual planning meetings, individual one-on-ones, and quarterly conversations with leadership team members.
- Responsible for P&L results and business plan execution for multiple organizations.
- Implemented company scorecard and KPIs for all team members.
- Utilized Kolbe and DiSC to facilitate team and 1-on-1 sessions in team health, communication, and productive conflict.

### EOS Worldwide – Traction Specialists / Integrator

- Assisted in the implementation of EOS with over 20 organizations.
- Worked closely with department heads to teach and implement EOS at the department level of companies implementing EOS®.
- Documented all internal processes and ensured they were followed by all.
- Led, managed, and held executive teams accountable for executing their rocks, metrics, roles, and responsibilities.

### EventPlace / Chief Operating Officer

- Built and managed the sales and operations departments, establishing processes, recruited the team, developed compensation structures, and KPIs.
- Produced pitch decks, marketing materials, and other collateral for investor meetings and presented at pitch meetings.
- Facilitated and contributed to strategic planning sessions with the CEO.
- Maintained responsibility for budget, P&L results, business plan creation, and product roadmap.
- Documented the core processes for all departments and managed product development.
