# DESIGNING YOUR IDEAL TRIP

Travel is uniquely personal and transformative. Our team averages 10 years of professional and luxury market experience before being accepted into our design program, where they are put through a rigorous training process and continual skills updating to ensure they are the best fit to serve your travel needs. While we can work across a variety of budgets and trip styles, all designers specialize in custom luxury travel, which can mean everything from hotel-only bookings to fully planned trips with concierge services, guiding, and transit. Business travel and small group planning options, such as retreats, corporate groups, and destination weddings are available with select designers.

A small section of trip samples is available at [www.lilypondluxury.com](http://www.lilypondluxury.com), but we do not pursue 'package' options. Each trip is custom designed to meet your unique needs, with limited exceptions for small group luxury tours or cruises.

# TRAVEL LIKE YOU'VE NEVER SEEN IT BEFORE

1

## **DEDICATED DESIGNER ACCESS**

Clients are paired with a dedicated designer (and travel backup, as necessary) and generally on-the-ground in-country partners to ensure 24/7 access while traveling.

2

## **ITINERARIES FOR A DIGITAL WORLD**

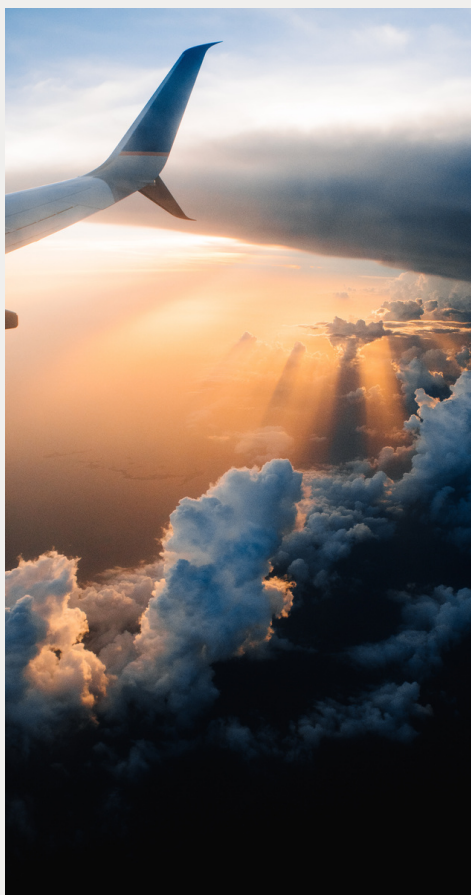

All itineraries are delivered in a custom app (or via website) and include live updates, chat, and map integration, so we travel with you, wherever you go.

3

Our designers leverage partnerships and preferred status with all major travel programs, ensuring not just traveler benefits, but relationships that guarantee the best access and service possible.

4

## **PERFECTLY-PAIRED LOGISTICS + CREATIVE EXPERTISE**

Today's world of travel is more complex than ever. Our team pairs logistical expertise (from entry requirements to insurance navigation and more) with the creativity and client focus needed to ensure a seamless and memorable experience.

5

## **ALL ACCESS PASS**

Perks come in the form of priority upgrades, breakfasts, credits, and preferred rates, as well as our wide "black book" of relationships. The value starts at \$500 or more per stay, and easily can "save" travelers thousands over a week-long trip.

6

## **LONG RANGE PLANNING**

Our clients rely on Lily Pond Luxury to proactively manage key milestones, from festive breaks to anniversaries and bucket list experiences.

## LET'S GO.

After our initial call determines a mutual fit, prospective clients are asked to complete a one-time intake to digest preferences and booking details, as well as a secure upload for traveler documents, including payment information. These pieces must be signed and returned before the proposal stage will begin. Generally, proposals are delivered within a week, if not sooner, depending on complexity. We look forward to speaking with you.
